

**Professor Hui Zheng**

Department of Sociology  
The University of Hong Kong

**Biography**

Hui Zheng is Professor of Sociology at The University of Hong Kong. His research focuses on understanding the causes, heterogeneity, inequality, and trends of population health and ageing. He has extensively studied social and policy determinants of health and population process of ageing and mortality. His scholarship has appeared in top sociology, demography, epidemiology, and population health journals. He has received Eliot Freidson Outstanding Publication Award Honorable Mention (2019) from ASA Medical Sociology Section and IPUMS Health Surveys Research Award (2022).
