

**Dr Jacky Choy**

Research Assistant Professor

Department of Social Work and Social Administration

The University of Hong Kong

Biography

Dr Jacky Choy is a Research Assistant Professor in the Department of Social Work and Social Administration, The University of Hong Kong. He's a research coordinator in the TIP-CARD project for developing dementia policy solutions, the Good Life project for promoting and improving the use of non-pharmacological interventions for families living with dementia, and the BrainLive project for implementing a barrier-free dementia care model using information and communications technology and productive ageing. He is also coordinating knowledge exchange activities such as the Certified Cognitive Stimulation Therapy (CST) Practitioner Training Course in collaboration with the International CST Centre of University College London.

Dr Choy is interested in understanding family care provided by multiple family members and other informal carers as well as ways for improving wellbeing of caregiving family as a holistic unit.
